

## INPUTS USE RECORD

Instructions: This record should record inputs, including manure, when they are applied to organic or transitional fields. If applying a multi-product formulation, assign a code letter or number to the input to use on this form instead of writing each product name each time.

<b>Purchase date</b>	<b>Inputs Type/ Name (manure, litter, etc.)</b>	<b>Brand/ Product Name</b>	<b>Source Name and Address</b>	<b>Organic status: Approved (A) Restricted (R) Prohibited (P)</b>	<b>Date of application</b>	<b>Rate of application</b>	<b>Field # (s)</b>
